

SDGC Board meeting May 11, 2020

Members Present - Matt Byma, Jon Dirks, Glen Van Bussel, Todd Kennedy, Michelle Bueckert, Randy Dirks

1. Discussion was held regarding placing the names of the Embee winners on a placard next to hole one. The Town has given us permission to place another post at hole 1. This can be done rather than giving the anthill trophy every year.
2. Matt updated everyone on the discussion held with the Town regarding opening the course. It appears the course will open on May 14th and league can follow after. It was discussed that we should set up a sign up for tee times to avoid large groups. There was also the suggestion that we try to encourage every player to play with other members and track it. Memberships will be sold through the website, money sent by etransfer. No tags at this point in time.
Another option for league would be to include a traveling league every 3 weeks and pick a new course to go to. Pandemic guidelines would still need to be followed.
3. Membership Discs can be ordered once Discraft begins filling orders. Expected to be around May 15.
4. Tournaments can be looked at later once we know more about the COVID19 situation. At this point, it doesn't appear a tournament will necessarily happen.
5. Bylaw adjustments need to be made to be accepted by the Province. A few small changes in terminology and auditing rules need to be made and will be resubmitted.
6. A recommendation was made to put a sign on hole 1 reminding players that smoking on the course is not permitted.
